Commissioner	Hugh Foskey
County Administrator	Beau Gunn
Public Works Director	Keith Ross
Road Superintendent	Anthony Bennett
Road Superintendent	Brad Kirby

The meeting was held in the Commissioner's Board Room and called to order at 8:30 AM. The purpose of the meeting was to consider roads for the 2015 LMIG projects.

Mr. Keith Ross, public works director, presented a list of roads that he and the road superintendents had put together. The list contained the roads considered to be in the worst condition from each side of the county.

After a brief discussion of each road, a consensus was reached that the roads in most need of repaving were Mount Shady Road and Friendship Church Road.

Rusty Lane called for a motion to approve all of Mount Shady Road and a portion of Friendship Church Road as the projects for the 2015 LMIG. Desse Davis made a motion to approve the two roads as the 2015 LMIG projects, second James Canady. Motion Carried with Hugh Foskey abstaining from the vote.

There being no more discussion, the meeting was adjourned in order.
